

## Directions to the Kentucky State University Farm

**From the east or west on I-64:** Take exit 53 south from I-64, on the outskirts of Frankfort. This puts you on Rt. 127. Continue south for about 4 miles. Look for the sign on the right indicating the Kentucky State University Research Farm, and then the Chevron gas station at a traffic light. Turn left (east) at that light onto Mills Lane. Go 1.5 miles on Mills Lane to the KSU Farm. Look for the green and yellow sign on your right. Enter the farm and follow the road to the greenhouse complex off to your left. We will meet in the building to the right of the greenhouses.

**From the south or the Bluegrass Parkway:** Take Rt. 127 north from Lawrenceburg or the Bluegrass Parkway toward Frankfort. Look for the sign on the right indicating the Kentucky State University Research Farm, and then the Chevron gas station at a traffic light. Turn right (east) at that light onto Mills Lane. Go 1.5 miles on Mills Lane to the KSU Farm. Look for the green and yellow sign on your right. Enter the farm and follow the road to the greenhouse complex off to your left. We will meet in the building to the right of the greenhouses.
